## SY SERIES

## SY SERIES

- IP67 Waterproof
- Bayonet Coupling
- Easy to plug & unplug
- Size: 11-29
- 1-35 Pin
- 500 mating cycle

The quality of connectors is a crucial consideration for the medical field, as it highly requires a stable and precise connection to secure the operation of the device.

LOKTAL uses the WEIPU SY series for innovative and high-quality medical treatment devices. With an IP67 rating, they offer robust protection against dust and water ingress. Also, the bayonet coupling provides a fast method to connect and disconnect.
